

O.NOVO

Unexpectedly different

O.novo offers the full range of modern bathroom design at surprisingly good value for money. Mix and match attractively understated and beautifully shaped washbasins and hand-rinse washbasins, classic shower trays, baths and water-saving toilets to create your very own dream bathroom, allowing your creativity free rein. In addition to the O.novo collection, Villeroy & Boch also offers ViCare for accessible bathroom design and, with O.novo Kids, a clever children's bathroom that's a lot of fun. The success story now continues with the tap fitting range of the same name.

Product variety

- + Thanks to the diversity of the large product collection, the bathroom design meets a wide range of different requirements
- + The range spans elegant washbasins in the new oval design or square shape, water-saving toilets, urinals and bidets and classic shower trays and baths
- + Top together: The tap fitting range of the same name matches the ceramics to perfection

Design

- + Clarity and understated elegance
- + The collection combines authenticity and a timeless design that is suitable for any bathroom

Hygiene

- + Ceramic with a non-porous, sealed surface that is easy to clean and meets the highest hygiene standards
- + Perfect hygiene and easy cleaning of the toilet thanks to DirectFlush technology
- + Selected models also available with CeramicPlus and AntiBac

Tap fittings

- + Cleaning and removal of limescale is child's play
- + Added air for pleasant water jet strength, even at reduced flow rates to save water
- + Environment-friendly maximum water flow rate of 5 l/min - without compromising performance
- + Constant water flow, even in case of fluctuating pressure
- + High-quality components from European market leaders
