

Thermostats from UNIVERSAL TAPS

Enjoy sensual moments. The Villeroy & Boch Universal Taps & Fittings thermostats turn your showering or bathing ritual into a wellness experience. The alluring, timeless design comes in a round or square variant, both of which will blend seamlessly into your bathroom and can be combined with all Villeroy & Boch bathroom collections and styles.

Design & special features

- + Universal, modern design that harmonises with all Villeroy & Boch bathroom collections
- + Round or square design variant, each available as shower thermostat or bath and shower thermostat

Advantages

- + Thermostat fitting with precision temperature control keeps water at the desired temperature
- + Safety lock at a water temperature of 38 ° C to prevent scalding
- + Including optional temperature limiter to 43 ° C or 47 ° C
- + CoolTap technology - rules out any danger of scalding on the thermostat itself
- + High-quality aerator from Neoperl
- + Very low noise level, noise class 1

Square bath and shower thermostat aerator with EasyClean feature at the outlet

- + EasyClean feature for optimum limescale control, easy cleaning and durability. Cleaning also possible without dismantling the fitting
- + Perfect spray pattern, whatever the flow conditions
- + The integrated filter retains coarse solid matter
- + Flexible pivoted disc allows fine adjustment of the water jet angle
- + Protection against vandalism: CASCADE® structure prevents filters from being pushed in

Round bath and shower thermostat with laminar jet

- + Laminar jet feature for crystal-clear jet without splashing, even when the flow conditions are not ideal
- + Slimline design. Straightforward replacement of the aerator using the appropriate wrench
