

ViClean-I 200

Discover your new comfort zone

With the ViClean-I 200, Villeroy & Boch extends the offer of shower toilets:

ViClean-I 200 cleans gently and thoroughly with warm water and, thanks to its retractable dryer nozzle, does not require any paper at all. It impresses with many comfort and hygiene features that are intelligently integrated into the award-winning design – invisible from the outside.

Unique and elegant design

- + Elegant lines with a flat lid
- + Precise workmanship with added quality thanks to the combination of high-quality materials (Ceramic – Duroplast)
- + InvisibleJet technology: both nozzles are perfectly integrated into the panel, making it hygienic and easy to clean

Maximum Hygiene – for both, you and the WC

- + HarmonicWave shower technology: oscillating and rotating movements combined – treats you to a pleasant clean feeling and invigorating freshness
- + Individual adjustment of the water temperature, water flow and shower nozzle position
- + Automatic cleaning of the shower nozzle
- + Rimless DirectFlush toilet with dirt-repellent CeramicPlus surface

Maximum Comfort due to additional features

- + ComfortDry: once activated, the retractable dryer nozzle extends and dries more effectively and more efficient than a simple dryer fan
- + WC Seat heating: pleasant warmth, individually adjustable in 5 steps (30 - 38 ° C)

Improved handling and efficient maintenance

- + Integrated user detection prevents accidentally starting the washing or dryer function while cleaning or maintaining the toilet
- + Very simple and intuitive to use via Remote Control or App
- + Integrated mounting aid in the packaging ensures quick and easy installation
