

VISEAT

The seat with that little something special

Using the toilet in the middle of the night without having to turn on the light. No more freezing cold seats because the bathroom window was left open. The new extras meet customers' needs for greater comfort: ViSeat offers subtle night-time illumination, adjustable seat temperature and an auto-open and -close mechanism. A toilet seat that provides a whole new dimension of comfort.

Design

- + Best-selling design from the Subway 2.0 collection with innovative features

Night light

- + Integrated lighting for a pleasant atmosphere
- + No need to switch on the bathroom light at night time

Heating

- + Adjustable seat heater ensures comfortable warmth
- + The temperature can be set individually to meet the user's needs
- + Capacitive sensor detects the user and heats the seat to the desired temperature as soon as the user sits down

Auto Open/Close

- + The movement sensor detects the user and the lid opens and closes automatically without having to be touched

Other highlights

- + The desired settings for each function can be adjusted and saved by remote control
- + Toilet seat with QuickRelease feature
