Discover **INNOVATION**

Day after day, you can experience the results of our research and development. With great attention to detail, our innovative products and solutions meet the requirements of the kitchen particularly well.

Our aim is to make everyday life in the kitchen as simple, safe and user-friendly as possible. This aspiration gives rise to new products that set new standards in hygiene, functionality and durability. Our high-quality TitanCeram is a case in point. This innovative ceramic material makes highly intricate yet robust design possible. Even at a thickness of just 8 mm. This enables our sinks to feature precise edges and clear lines while

retaining their robustness and extreme durability. The dirt-repellent CeramicPlus surface finish also sets the highest hygiene standards here. And the new crystal-clear laminar jet for selected tap fittings helps to avoid splashing when washing fruit and vegetables. Discover the numerous innovations from Villeroy & Boch and transform your sink into the beautiful and versatile heart of your kitchen.

Enjoy **QUALITY**

Since 1748, the name Villeroy & Boch has been a byword for the utmost in quality and dependability. With precise craftsmanship, state-of-the-art technology and strict quality standards, we create products that, even many years later, function just as well as they did on the first day.

When it comes to the quality of our products, we always aspire to absolute perfection. We want our sinks to bring you lasting enjoyment. This is why we offer many reliable solutions, which are sure to inspire you with their first-class quality and remarkable durability. This is ensured by all our experience in ceramic production, with new ideas, systematic research and strict quality controls.

An aspiration you can experience in every detail. It is evident in the careful workmanship of our products - and in their perfect functionality. It can be seen in the scratch-resistant ceramics, hygienic surfaces and kitchen tap fittings which consist entirely of stainless steel in order to offer the utmost safety when dispensing drinking water. With each of our products, you can rest assured of owning an item of lasting value.

Experience DESIGN

Stylish design has always been Villeroy & Boch's trademark. With a fine sense for trends, we design distinctive sink areas that make life your kitchen more beautiful and more user-friendly.

Beautiful design is as much a part of modern kitchens as good food. It becomes an expression of individual style and creates an ambience in which you like to spend time. Timelessly modern forms and designs from Villeroy & Boch make the sink area a functional workplace and aesthetic design highlight in one. "Warm minimalism" is one of the

hottest interior design trends of the moment. Minimalist and homely in one. The new colour Almond, featuring an ivory beige tone – developed by the designer Gesa Hansen – adds a pleasantly earthy yet elegant touch to the kitchen. Be inspired by a diverse range of kitchen taps and fittings in striking colours, designed to reflect your style to perfection.

Winning design: The Subway Style kitchen sink won the Kitchen Innovation Award in 2021, followed by the German Design Award in 2022.

The Style of **VILLEROY & BOCH**

Style is something quite personal. But how to best express individuality in the kitchen? Discover the unmistakable style of the Villeroy & Boch kitchen sinks, taps and fittings and be inspired by numerous creative ideas for interior design.

Whether classically elegant or cosy, clear-cut and modern or with a natural charm - we have examined the latest interior and design trends for you. On the following pages, you will

discover lots of tips and suggestions on how to achieve your lifestyle with Villeroy & Boch, and turn the kitchen into the stylish hub of your home. Find inspiration!

The return of elegance

*Clear, classic shapes,
fine materials and rich,
dark colours have a timelessly
elegant effect. Using these
in combination with glossy
accessories makes the look
even more exquisite and
makes the kitchen come alive.*

ADVANTAGES OF CERAMIC SINKS

Premium quality a lifetime long

SHOCK-RESISTANT

Thanks to the great material stability, the sinks are impact-resistant, even when heavy pots and pans are placed on them.

HEAT-RESISTANT

Hot oven dishes don't leave a mark on Villeroy & Boch ceramic sinks.

HYGIENIC AND FOOD-SAFE

The natural material does not take on flavours or smells and so is absolutely food safe.

ESPECIALLY EASY TO CLEAN

Our ceramic is very easy to clean. Thanks to the CeramicPlus finish, dirt and limescale almost disappear of their own accord.

Kitchen sinks are subject to considerable stress because contact with acidic foods, sharp kitchen implements and hot pans is part and parcel of everyday life. This makes the quality of the material all the more important. With a ceramic sink from Villeroy&Boch, you benefit from 270 years of experience, revolutionary production techniques and 100% natural raw materials. For maximum comfort, minimum maintenance and unparalleled durability.

villeroyboch.com/ceramicproperties

SCRATCH- AND KNIFE-RESISTANT

The high-quality surface is so robust that even knives hardly leave a trace.

ACID-RESISTANT

Our ceramic easily withstands contact with acidic foods or household cleaning agents.

STAIN-PROOF

Food and drinks don't leave any trace on the surface of our ceramic sinks.

LIGHTFAST IN EACH COLOUR

Even after long-term exposure to direct sunlight, our ceramic colours stay as vivid as on the very first day.

ARCHITECTURA 50 in Ebony with **COMO SHOWER** in solid stainless steel

The Architectura collection features homogeneous surfaces and particularly harmonious lines. The kitchen sinks are produced in high-quality ceramic, making them particularly resistant to extreme temperatures. They are totally impervious to hot pans, frozen food and household chemicals.

villeroyboch.com/architectura-kitchen

ARCHITECTURA 60 XR in White Alpin with **SORANO SKY SHOWER** in solid stainless steel

Cosy country-house style for the modern kitchen

Architectura is also a perfect choice for country-house style kitchens. Anyone who likes to cook a lot will find the new Architectura 60 XR model particularly convenient: in addition to the large draining area, the sink has a strainer bowl that is practical when cleaning vegetables or draining pasta. An optional and precise-fitting steamer tray is also available. You will also appreciate the extra draining possibility if you prefer to wash your best glasses by hand.

The Condor range is a classic that, thanks to its numerous different formats, is suitable for any kitchen. Functionally well thought-out, the 45 format in particular is great for small kitchens. Condor is available in all ceramic colours for perfect colour coordination in your kitchen.

villeroyboch.com/condor-kitchen

CORNER SINKS

Cutting no corners when it comes to style

SOLO CORNER in White Alpin with COMO SHOWER in solid stainless steel

Every kitchen has its corners and edges. A corner sink can be installed to ensure that the space in the corner is not wasted. A multifunctional kitchen sink offers a range of uses in a small space. Villeroy & Boch offers two special ceramic corner sinks that are suitable for a corner undersink cabinet. Solo Corner has a timeless and premium quality and is distinguished by its successful form and practical sink layout. With Arena Corner, the corner becomes the focal point in the kitchen: a sink with a traditional design and soft, spacious features. The large main bowl with the practical draining area is ideal for comfortable workflows.

FLAVIA 50

FLAVIA 60

The allrounder for every day: the premium Flavia ceramic sink range offers a timeless, understated design together with intelligent functionality. Whether harmoniously integrated in the kitchen's colour concept or a deliberate contrast with the surrounding area, the diverse colour variations of the ceramic sinks meet all interior design requirements. Flavia is ideal for both modern and classical kitchen fronts and furnishings.

villeroyboch.com/flavia-kitchen

MONUMENTUM

The giant in the kitchen

MONUMENTUM in Stone White with
COMO SHOWER in solid stainless steel

Clear structures, geometric forms and a large functional area: the Monumentum ceramic corner module makes the most of all the available corner space offering plenty of scope for all tasks involving the kitchen sink. The attractive sink is ideal in every modern, comfortable kitchen where chefs like to practice their skills. Thanks to its deliberately solid design, Monumentum has a strong presence that makes the sink area a striking eye-catcher.

villeroyboch.com/monumentum-kitchen

MONUMENTUM Colours

SILUET

The beauty of fine forms

Siluet offers a winning combination of sensuous and delicate lines made possible by the new ceramic material TitanCeram. The supporting rim is extremely slim, the corners have very narrow radii and the inside of the sink features straight lines. So Siluet highlights a simple, minimalist furnishing style and looks particularly good in modern kitchens; both as a countertop variant and flush-mounted.

villeroyboch.com/siluet-kitchen

SILUET 60 in Graphite with **UMBRELLA FLEX** in Anthracite

SILUET 50 FLAT in White Alpin with **COMO X** in solid stainless steel

*Sensuality
meets precision*

Siluet is a fascinating design highlight that was developed for true lovers of aesthetics. With three models in 13 different colour shades, Siluet offers you maximum design freedom. The TitanCeram properties ensure the durability of the delicate design. The CeramicPlus finish is particularly hygienic and easy to clean. A selection of premium accessories greatly enhances the practicality of the sink, for example, stainless steel steamer trays with wire baskets or a walnut cutting board that can be used for easy preparation above the sink.

SILUET INSTALLATION TYPES

FLAT

Flush-fitted, with its own unique elegance, the Siluet kitchen sink highlights a puristic, modern design concept. The continuous worktops seem even more spacious. In addition, a flush-fitting kitchen sink is even easier to clean and so particularly hygienic.

BUILT-IN SINK

As a built-in variant, the Siluet kitchen sink is placed onto the worktop from above. So the sink area is clearly distinct from the rest of the work surface. Thanks to its particularly delicate design with narrow supporting rim, Siluet in this version also becomes a harmonious part of your kitchen design.

BUTLER SINKS

Timelessly modern for an individual touch

BUTLER SINK, SINGLE BOWL in White Alpin with AVIA 2.0 in solid stainless steel

Whether a single or double bowl, the classical butler sink is a timeless character piece for the kitchen. It meets today's needs in full and looks equally good in a country house or modern style.

SUBWAY

As diverse as life itself

Subway offers everything you could want from a sink: whether a spacious bowl and large draining area for all ingenious chefs, the minimalist model as an undercounter variant or a single basin for households that prize simplicity. Thanks to their unique variety, they meet all manner of needs to optimum effect.

villeroyboch.com/subway-kitchen

SUBWAY 60 XL in Graphite with **UMBRELLA FLEX** in solid stainless steel

SUBWAY 45 COMPACT in White Alpin with **SORANO SHOWER** in solid stainless steel

*The right size
for every
kitchen*

Subway fits in every kitchen. Its clear design cuts a stylish figure in modern kitchens as well as in a classic setting. And with several sizes available for base cabinets of different widths, it leaves nothing to be desired, even when space is at a premium. The Subway 60 XL with its extra-wide sink and large draining board is up for practically any challenge, and the Subway 45 offers plenty of comfort without the need for so much space. Discover the whole range.

SUBWAY 60 XL in White Alpin with
STEEL EXPERT 2.0 in solid stainless steel

SUBWAY FORMS & COLOURS

SUBWAY Colours

SUBWAY INSTALLATION

FLAT

Flush-fitting installation has several advantages: continuity along the worktop is a sign of modernity in the kitchen – and also means lower maintenance, being easier to clean and keep hygienic. The Flat variant is available in ten colours – for your personal design ideas in the modern kitchen.

BUILT-IN SINK

Functional and attractive: the built-in variant of the ceramic sink is inserted into the worktop from above. It is ideal for combination with kitchen worktops in a variety of different materials. 13 on-trend colours highlight the unique design claim.

UNDERCOUNTER

Exquisite and discreet: the undercounter sink is installed below the worktop. The resulting sink area has no raised edges and the worktop extends as far as the contours of the sink. The undercounter sinks are also available in 13 colours.

SUBWAY STYLE

As diverse as life itself

The Subway Style 60 S and Subway Style 50 S single-bowl units take functionality and accessories to a whole new level. The new units do without a strainer bowl and draining area. The narrow all-round step provides for an additional functional level instead. For added convenience when preparing food, modern design options and variety in your life.

villeroyboch.com/subwaystyle

*Impressively
hard-wearing
and durable*

High-quality ceramic sinks shrug off all kinds of rough use: the slamming down of pans, bubbling pots or hot teapots. You can place an oven dish in these sinks or use them to defrost frozen food: The robust surfaces of our Subway Style kitchen sinks are extremely hard-wearing and temperature-resistant. And should a knife slip out of your hand, that's no problem, either. The high-quality materials and manufacturing processes also ensure that cuts and knocks leave virtually no trace.

ADVANTAGES OF TAP FITTINGS

Intelligent details for sophisticated kitchens

PREMIUM STAINLESS STEEL

Thanks to premium stainless steel, the tap fittings are more robust, rust-proof, easy to clean, lead-free and durable. The components inside are sourced from European market leaders.

MAXIMUM COMFORT

Taps at a convenient height offering great freedom of movement – ideal for cleaning baking trays and large pots and pans.

EASY INSTALLATION

Fastening system with high-quality, standardised components for swift and simple installation.

THE RIGHT TYPE OF JET FOR EVERY PURPOSE

Because there's water ... water ... and water

Experience the laminar jet

COMFORTJET

The aerated comfort jet saves water and is convenient for rinsing food and kitchen utensils.

SPRAY JET

The efficient spray jet delivers plenty of power at low flow rates - ideal for cleaning baking trays, pots and pans.

LAMINAR JET

The new laminar jet is ultra-quiet, crystal clear and very hygienic. It envelops foods and objects like a second skin during rinsing, providing for a very pleasant feeling and largely avoiding any splashing.

AVIA 2.0

*Creating confident
design accents*

Avia 2.0 is a classical, elegant tap with a solid body and attractive outlet. The unusual handle in particular is distinctive. This tap fitting will be popular with anyone who likes both a nostalgic and a contemporary look.

villeroyboch.com/avia2-kitchen

COMO ANTHRACITE

COMO ANTHRACITE

*A sleek highlight
to crown your sink
in style*

Our classic tap fitting is now also available in a hard-wearing, robust and stylish anthracite finish - fully in keeping with the latest trend in kitchen furnishings. Embellish your sink area with a definitive touch of style.

villeroyboch.com/como-kitchen

COMO

*Reduced to
maximum comfort*

Como boasts a clear-cut design and the utmost in functionality. The tall, horizontal outlet of the Sky and Shower Sky models underscores the linear design and offers particular comfort when doing the dishes. Como Window is a stylish solution for sinks located in front of a window: the tap can be extracted quickly, easily and without tools, and laid on its side or in the sink, to be replaced afterwards with equal ease.

FINERA

For real personalities

Exquisite Finera boasts stylish design in modern finishes and a user-friendly handle. The tap fitting has everything covered, with a swivel range of 360°. The convenient height offers full freedom of movement to make easy work of cleaning large baking trays, pots or pans. The Finera Square variant with its striking angular design provides an additional touch of extravagance in the kitchen.

villeroyboch.com/finera-kitchen

JUNIS SHOWER

JUNIS SHOWER/ JUNIS SKY SHOWER

*The all-rounder
for a timeless kitchen*

JUNIS SKY SHOWER

All-rounders are always a boon - especially in the kitchen. The flexible shape, the pull-out, hand-held spray with two spray modes and the two height variants make Junis a prime choice every time. The modern and user-friendly tap suits many different lifestyles and kitchen scenarios. From washing fruit and vegetables without splashing to efficient cleaning of pots, pans and even baking sheets, Junis ticks all the boxes.

villeroyboch.com/junis-kitchen

MODERN STEEL/STEEL SHOWER

Design the perfect line

Modern Steel has an impressive, linear and modern design. Solid stainless steel skilfully underscores the purist and functional form of the tap. Steel Shower is a particularly functional variant. Enjoy maximum freedom of movement and complete ease of use in the sink area thanks to the retractable hand spray. Both models are also available as a low-pressure version.
