

Steel Expert 2.0

The tap fitting for home-cooking pros The impressive Steel Expert 2.0 tap fitting from Villeroy & Boch with its generous overhang and flexible spray offers maximum ease of use at the sink. So washing up large pots, pans and even baking sheets is no problem at all. Steel Expert 2.0 adds a striking design highlight to the kitchen in high-quality, robust stainless steel. The newly integrated magnetic holder for the spray head provides for even easier handling. While the new laminar jet means added convenience in the kitchen – e.g. washing fruit and vegetables without splashing.
