

Toilet Seats

Top quality comfort

Technical information

- + Villeroy & Boch toilet seats are available with intelligent extras such as our first-class SoftClosing and QuickRelease systems
- + All seats comply with the DIN standard 19516 (175kg) as well as our corporate quality standard and are stable to at least 240kg

User benefits

- + One-stop shopping - come to the experts! The toilet seats are perfectly matched in colour and form to the Villeroy & Boch toilets
- + Excellent design and superior seated comfort as well as optimum ease of cleaning
- + Choice of classic, purist or extravagant models, from the modern SlimSeat to the ergonomic ComfortSeat
- + Outstanding hygiene thanks to high-quality materials: seats made from Duroplast, hinges and damper end caps made from stainless steel
- + Polished to a superb surface shine
- + 10 year material and performance warranty for all models

Installation & scope of delivery

- + Convenient and easy installation; using the SupraFix 2.0 attachment system ensures that the fasteners are completely invisible
- + Tools required for installation are included
