

VICLEAN-L

Natural simplicity

ViClean-L stands for the skilful symbiosis of WC and bidet and balances aesthetics and function with impressive ease.

Shower functions

- + Rearwash and Ladywash for personal cleansing
- + Panorama spray with adjustable spray width
- + Oscillating Comfortwash that moves backwards and forwards
- + A pulsating massage jet with varying intensity
- + Individually adjustable water temperature and pressure, nozzle with 3 settings

Comfort

- + Remote control for simple control of all functions
- + Integrated, full-surface seat heater
- + SoftClosing technology for the gentle and silent closing of the seat and lid
- + User profiles can be saved for max. 3 people
- + LED lighting for night-time orientation in the bathroom

Hygiene

- + Antibacterial surface coating and high-quality stainless-steel nozzle
- + Automatic cleaning of the nozzle before and after each use with ionised water

Sustainability

- + Active protection of drinking water meets requirements of EN 1717
- + Overall, lower electricity and water consumption than conventional electronic bidet seats

ViClean-L perfectly complements the wall-mounted toilet in the Subway 2.0 collection.
