

HYGIENE CHAMPION

The innovative toilet for quadruple cleanliness

Hygienic, fresh and easy to clean – with our hygiene champion, your customers are in safe hands. The rimless DirectFlush toilet with innovative ViFresh technology and CeramicPlus and AntiBac surface is the perfect hygiene solution from Villeroy & Boch. Quadruple hygiene is simply the safest.

DirectFlush – The ultimate in hygiene

- + Generation of rimless toilets
- + Simple and immaculate cleaning and care with optimum surface flush
- + No more unhygienic areas such as under the rim

ViFresh – Easy. Invisible. Fresh.

- + Innovative technology: the rim block/toilet gel is placed in an almost invisible holder in the water flow
- + It combines a fresh fragrance with hygienic toilet care in an integrated system
- + Suitable for standard rim blocks/toilet gels

AntiBac – Lasting protection against bacteria

- + Reduces the growth of bacteria by more than 99.9 %
- + Anti-bacterial effect thanks to silver ions in the glaze

CeramicPlus – Less cleaning – more time to enjoy life

- + Permanent high quality surface finish is easier to clean
- + Saves on time, water and cleaning agents
