

# SQUARO INFINITY

## The customised solution

Beautiful design promotes a feel-good atmosphere. The accessible Squaro Infinity Quarryl® shower tray is the perfect basis for luxurious showering pleasure. The ultra-flat, rimless design blends harmoniously into your bathroom creating the effect of a continuous floor surface, offering a generous sense of space and easy entry. The flush-fitting outlet and modern matt colours complete the elegant look. Enjoy relaxing moments in the shower with Squaro Infinity and its award-winning design.

### Unlimited variety, maximum adaptability

- + 54 models from 800 x 700 to 1800 x 1000 mm
- + Other dimensions available, can be cut to size with millimetre precision
- + With the right tools, can be cut to size on site in accordance with Villeroy & Boch instructions
- + Customised special shapes available in the case of complex room layouts with columns, projecting corners etc.
- + Ribbed technology for extra strength and stability during cutting

### Minimalistic design

- + Ultra-flat, rimless look (40 mm rim height)
- + Integrated flush-fit designer outlet: colour-coordinated to match the shower tray and with an exclusive chrome-plated profile strip; easy to clean, removable
- + Drainage rate of 48 l/min is well above standard

### Great colour selection and maximum safety

- + For a seamless look: 5 colours (Anthracite, Morning Green, Grey, Stone White, Almond)
- + Highest anti-slip class C

### Simple and safe installation

- + 3 installation variants for maximum flexibility: flush-fit installation, installation on tiles, installation on a base
- + Standard installation procedure as for Squaro Superflat shower trays
- + Installation set and ViFrame metal frame available
- + SOPRO sealing sets for corner and flush-fit installation available
