

# VENTICELLO

## Design the perfect line

The Venticello bathroom collection impressively combines form and function. Extremely slimline edges grace both the washbasins and furniture on this collection. Venticello – designing the perfect line to meet the highest requirements for modern, individual bathroom design.

### Washbasins

- + Trendy, elegant design with very slimline frames, available in numerous sizes
- + Highly practical thanks to the wide shelf space and the deep basins
- + Fully glazed underside: can be used without vanity unit
- + Highlights: asymmetric vanity washbasins, surface-mounted washbasin with semi-recessed look, 600 mm washbasin for wall mounting, with ground underside or for installation on a countertop

### Toilets, bidets and urinals

- + Wall-mounted and floor-standing versions
- + All toilets are fitted with the innovative DirectFlush and AquaReduct technology (3/4.5 l water consumption)
- + Flat toilet seats in various different designs available
- + New urinal with DirectFlush technology and cover with SoftClosing feature

### Bathroom furniture

- + Vanity units to match all the washbasins
- + Cupboard units in 2 heights for combination with various vanity units provide plenty of storage space and scope for design in the bathroom
- + Great choice of colours and glass fronts in various colours
- + Elegant handles in 5 different colours: classic Chrome or in the trend colours White, Grey, Blue and Copper
